06 August 2020

Exponential Brilliance (Pty)Ltd, came highly recommended to Rocktech, as a reliable and professional service provider. It was based on this recommendation that we had no hesitation in working with Amanda Roothman and her awesome team.

Our association with the Exponential Brilliance team began in April 2020, where they at short notice assisted us in accessing the TERS UIF grant payments on behalf of all our staff. Their support has enabled over sixty employees to meet most of their own financial obligations during a very difficult time for both themselves and our business.

Exponential Brilliance (Pty)Ltd has the technology and relevant systems in place to deliver timely and exceptional service to all of their clients. Their long working hours, demonstrated by the late night calls and emails received did not go by unnoticed. It is this commitment to the job that must place them in the enviable position of being a leading company in their field.

Our very special thanks go to the whole of the Exponential team, you are certainly BRILLIANT. We are hoping that this is just the beginning of a long, professional relationship. We would have no hesitation in recommending your services to any business requiring your services.

Yours sincerely

Karolynn van Vuren
Managing Director
